Dear Comrade,

the Thank you very much for your letter 2
1st October. It is good of you that you
have decided to join the Party again.
It is high time that you must bring the
students and the youths to take active
part in the party's activities since they
are under your influence. You can now
form a active Unit in district Silchar
and organize the party at different places.

Dr. Lohia is now touring the
districts of Uttar Pradesh. Hence he
can't be available at present for consul-
tations. His programme has already been fixed
till December.

I think our party is very clear on the
question of language. Let me tell you
that a people's movement against English
can only solve the problem. Our Assam
unit also is clear on the language
problem. The P.S.P., Congress and the
communist in Assam have exploited the
language question further for their own advantages.
They are all cosmopolitan and are in
favour of returning English. Hence I

feel since Silchar is in Assam you have to work under the Assam party. I think you will feel no difficulty in working with our Assam comrades for achieving the Socialists objective.

I am writting to Com. Dinesh das Gupta who happens to be a member of the National Committee about you. You please contact him and talk to him about this.

I am giving below the address of the Secretary of the Assam Party. You can contact him on your way to Silchar. I am also giving the address of the Com. Dinesh Das Gupta.

Hope to receive your reply immediately.
With greetings,

Yours Conradely,
